

## For Ultimate Printing Stability: 1 l Bag and Bulk System

**Steady ink supply and highest printing stability:**  
Enjoy a new level of efficiency on Roland machines with the BS-R Bulk System in combination with Mara® Jet DI-LSX und DI-SX 1 l bags.  
And while you profit from this safe, continuous ink feeding, the environment profits as well thanks to a reduced amount of waste.

### Applications

The BS-R Bulk System was specifically developed for Roland printers. It can be installed on machines with horizontal or vertical cartridge slot for use with the Plug & Print ink series Mara® Jet DI-LSX and Mara® Jet DI-SX.

For further information on Mara® Jet DI-LSX and Mara® Jet DI-SX please refer to the respective ProductINFO on [www.marabu-inks.com](http://www.marabu-inks.com)

The different units in comparison:

	440 ml cartridge	1 l bottle	1 l bag
Fill control	frequent	regular	regular
Printing stability	+++	+	+++
Resource-saving	+	++	+++
Waste avoidance	+	+	++
Price/performance	+	++	++
Convenience	++	+	+++

### 1 l Bag - Your Benefits:

#### Closed system assures highest printing stability

- As safe as a cartridge
- Closed system for steady performance!

#### High filling volume for less frequent fill controls grants highest efficiency

- Same productivity as 1 l bottle

#### Saving Resources

- Less material compared to the cartridge
- Minimizes the volume of waste

### Bulk System BS-R - Your Benefits:

#### Most convenient use

- As simple as using a cartridge

#### No modifications necessary

- No hardware or other technical modifications necessary
- Easy to install
- No changing of chips
- No extra effort for programming!
