

MaraJet DI-LSX

Value, Quality & Ease for Roland® Printers

MaraJet DI-LS is a replacement ink for Roland wide-format solvent printers. Users can simply install MaraJet cartridges into their printers when their current cartridges are empty and there is no need for flushing or new color profiles thanks to MaraJet's perfect color match. MaraJet inks offer outstanding performance and value for your printing needs by combining excellent light fastness, vivid color density and a wide color gamut.

Benefits

- **Lower production costs**
MaraJet offers the same quality and color as the manufacturer's ink at a much lower price.
- **Plug & Print solution**
There is no need for flushing or new color profiles.
- **High-quality, reliable ink**
MaraJet inks are made from the highest quality pigments to ensure excellent light-fastness.
- **Available in different sizes**
MaraJet DI-LSX is available in both 220ml and 440ml cartridges as well as bulk systems if consumption warrants it.

Unbeatable Support

Marabu has been developing and manufacturing inks and liquid coatings for over 150 years. We are aware of the issues that customers face when they choose not to use the ink provided by their printer manufacturer and we are prepared to help you succeed. MaraJet is backed by our 100% customer satisfaction money back guarantee.

Applications

- **Banners**
- **Wall Covering**
- **Outdoor Signs**
- **Vehicle Graphics**
- **POP Displays**
